

Preesall Town Council Fixed Asset Register

This is a working document which is updated and kept by the clerk. The Asset Register has been prepared in accordance with the Councils' new adopted Fixed Asset Register Policy.

- 1) Where the purchase value is unknown, or gifted a nominal figure of £1.00 is inserted.
- 3) The replacement value figures are inserted for insurance purposes.
- 4) The total value figure will be inserted into the annual return representing the total value of the Councils fixed Assets at purchase cost.
- 5) Assets are defined as land & buildings, community asset, vehicles, plant and machinery, portable, attractive or of community significance, other assets with a known or estimated value of £100.

Practitioners Guide states that assets should be recorded at their original cost and no adjustment is required until disposal. Where the original cost is not known a proxy such as the insurance value may be used but this value should remain constant throughout the period of ownership and not be revised to reflect current values. Community Assets, do not have a market value due to their nature or legal status as they cannot be sold. For example, war memorials or land such as a village green with covenants preventing its sale. Such assets are included at their historical cost value or given a 1 nominal value. *This item was picked up as part of the 2015/16 audit and was mentioned as part of audit comments as needing to be included on the asset register. It has been added in at the appropriate point on the asset register when expenditure was incurred. Subsequent assets have been re-numbered accordingly. ** Ref 3.76 Governance and Accountability for Local council A Practitioners' Guide (England) March 2017. All figures from 2020 are net of

Total

£246,599.50	£367,362.63
Current Value	Insurance Value

The Total Value of an authority's assets recorded on the asset register as at 31 March each year is reported at Line 9 on the Authoritys Annual Governance and Accountability Return

Total of Asset Register Value at 31 March 2025 In AGAR Line 9: £189,976.00

Complete overhaul of asset register now changed to a fixed

Please note there is an un explained error of an additional difference of £910.45 in the 2024/25 AGAR calculation.

Preesall Town Council Council Disposal Register

In accordance with Fixed Asset Policy the asset disposal is recorded in the asset register document with a strike through. It will identify the asset, the disposal authorisation, reason for disposal and the value or values achieved by such disposal.

All assets disposed during the civic year 2025/26 are recorded here to provide a sum total for AGAR purposes

Ref No	Category	Description if required	Location	Date Acquired	Purchase Cost	QTY	Total Value	Replacement Value	Custodian	Date of Disposal	Disposal Authorised	Reason	Value
